

EDGBASTON ROAD (AREA 4)

PAUL BARTLETT

This edge includes a dual carriageway wall of traffic, metal fencing, metal posts, a tall wire fence, brick walling, closed gating, then regulations for entering domain on the other side plus an obscuring canvas barrier. Proximity to Cannon Hill Park is shown by stepping back from the canvas barrier to include a tree then a duck pond. Additional close-range edges include curbside autumn leaves plus autumn leaves against wire fencing.
