

ALCESTER ROAD - QUEENSBRIDGE ROAD, KINGS HEATH (AREA 4)

PAUL BARTLETT

My daytime photographs are from an upstairs window of the number 50 bus as I leave Kings Heath heading towards Moseley, although options are also shown for Edgbaston, Ladywood, Highbury, City Centre and Balsall Heath. Torrential rain during my return journey inspired me to get off here to photograph multiple lights and reflections viewed from differing vantage points of the traffic junction.
